After checking with O/PA/DCI, I told Mr. Latimer that it is Agency policy not to make public statements on this sort of allegation and that was the reason why I had couched the original statement to him in terms of Committee findings that there was no truth to the allegation. Mr. Latimer said that this was fine

9. [redacted] LIAISON Spoke with Earl Eisenhower, Senate Select Committee on Intelligence staff, and arranged for him to be at Headquarters on 5 October at 9:30 a.m. along with staff members David Shaw and Jean Evans to review Agency files on [redacted]. I showed Eisenhower a reference in the Committee report on the MKULTRA program to a staff interview with Dr. Harold Abramson and asked whether that summary could be made available to the Agency. I explained to Eisenhower the purpose of the request, i.e., that we were attempting to locate possible subjects of the MKULTRA program and thought this summary might be of assistance. Eisenhower said before the Committee would show it to the Agency they would have to have Dr. Abramson's approval. I suggested an alternative of Committee staff reviewing the summary and telling us any information which might help us find any of these people. Eisenhower agreed to this approach.

22. (Unclassified - MMP) LIAISON [redacted] Received a call from [redacted] private citizen, who had been referred to this office by Angelo Codevilla, on the staff of the Senate Select Committee on Intelligence. It took me about twenty minutes to convince [redacted] that there was nothing that the CIA could do for him in this regard -- much as we might sympathize with him for the pain that he was undoubtedly experiencing.
