MEMORANDUM FOR: Director of Finance

SUBJECT : "MF" Position Reductions Within East Asia Division

1. The East Asia Division was levied a substantial reduction in staff personnel ceiling authorization for FY-1975. We have already identified those positions which are to be deleted from our staffing complement to meet this reduced ceiling. The majority of the positions to be deleted bear the "D" (DDO) Career Service designation. However, it was necessary to include a number of M&S designated positions.

2. The following is a summary of changes which are to take place relative to "MF" designated positions in East Asia Division as a result of our FY-1975 ceiling reduction and reallocation of the revised ceiling:
