Office Memorandum • UNITED STATES GOVERNMENT

*EM*

TO : Deputy Comptroller ~~CONFIDENTIAL~~ DATE: 24 November 1952  
FROM : Acting Chief, Finance Division  
SUBJECT: Medical Survey of the Far East

25X1A6a

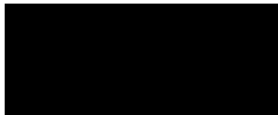

1. In response to your memorandum of 13 November 1952 on the above subject, a complete review was made of the pay accounts of staff employees stationed in [redacted]. As a result of this review the following information is furnished:

25X1A6a

a. There are five individuals who are not receiving salary differential, three of whom are believed to be medical employees. The reason for non-payment is that no cable advice of their date of arrival [redacted] has been received in Finance Division. As you are aware, [redacted] cable information be furnished Headquarters which is the authority for initiating payment of differential and post allowances if applicable. However, we have initiated a cable requesting this information and upon receipt of the reply, necessary adjustments of their pay account will be made.

25X1A

b. We know of no reason why the individuals are not receiving advice on their pay since change notices are pouched to the station each pay period. However, it may be assumed that the remoteness of some individuals from the main base may have some effect on their ability to receive the desired information. If the latter is the cause, we believe the station should take necessary action to rectify the situation.
