

1 October 1951

PROPOSED DECLARATION OF INTENT

1. I, _____, having been employed by the Central Intelligence Agency and having been informed that I am eligible for consideration for appointment in the Career Service of the Central Intelligence Agency, acknowledge my intent and understanding concerning that Service.

2. I have considered carefully the opportunities available in the Central Intelligence Agency Career Service, and I desire to devote myself to that Service, being mindful of restrictions necessarily placed upon me by virtue of the security requirements inherent in my employment by the Central Intelligence Agency. I intend fully to devote my career to this Service, complying with all the conditions appertaining thereto.

3. It is understood that this statement of intent will be weighed in considering the future training and assignments which I shall be afforded. It is further understood that in the event such future training includes attendance at higher institutions of learning, such as colleges, universities or specialized institutes, the costs of which are defrayed by the Central Intelligence Agency, I shall comply with appropriate regulations concerning length of tenure in the Central Intelligence Agency Career Service after such attendance at higher institutions of learning, a part of the consideration of my being afforded such opportunity being based upon my agreement to comply with requirements as to length of tenure.

4. I have been informed that as an integral part of the Central Intelligence Agency Career Service there is a Career Management Program and other benefits for members of the Career Service. It is understood by me that this statement of my intent to become part of the Career Service entitles me to be considered in the Career Management Program and to be the recipient of other benefits applicable.
