30 OCT 1974

MEMORANDUM FOR: Deputy Director for Operations

SUBJECT: Rotational Assignment

1. An objective of this Directorate is to increase the effectiveness of selected Central Reference Service (CRS) analysts by arranging short-term rotational assignments to other production and collection offices. We have identified [redacted] a GS-11 analyst in the Far East/Pacific Division of CRS, as one who would benefit from a rotational assignment of two-three months in the DDO. [redacted] has the CRS responsibility for [redacted] and has worked closely with DDO personnel on [redacted]. Preliminary discussions regarding the suitability of such an assignment have been held with [redacted] DDO/EA [redacted] who agrees that [redacted]'s rotation to his component would be beneficial to both Directorates.

2. If you concur in such an assignment for [redacted] I will instruct the Central Reference Service to work out the necessary personnel details with your East Asia Division.

[redacted]

PAUL V. WALSH  
Associate Deputy Director  
for Intelligence

cc: Director/CRS
