

25 August 1972

Paul--

It looks like we have a Chairman for the Director's Military Economics Panel- [redacted] We talked with him and he is willing. Security is doing a preliminary check and will get right on the full check when we receive his PHS.

I told the Director about this and how I felt it had taken far longer than it should have. I had to refresh his memory. He was not concerned and said that these things obviously take time.

Ed
