SUBJ: [REDACTED] s Memo on Potential
Crisis Areas

1. This is a good idea. The list looks okay to me subject to two comments:

a. Greece, Turkey and Cyprus should be put under Europe (now the usage in State, DDI and DDO, as well as this Office).

b. Spain-Portugal should be understood to include the Moroccan-Spanish Sahara possibility and the Portuguese African territories problem as well as the remote contingency Spanish-Portuguese conflict.
