

UNCLASSIFIED

8 April 1980

MEMORANDUM FOR: Director of Public Affairs [redacted]
Special Assistant to the DCI

FROM: Director of Central Intelligence

SUBJECT: Unclassified Material on Intelligence Community
for Central Missouri State University

STAT

1. Attached is an outline of a course on the Intelligence Community taught at Central Missouri State University. A friend of mine passed this to me with a request for help from the Professor. He'd like unclassified materials that would be of assistance to him. It seems to me it is in our interest to be helpful if we can without too much effort. Would each of you look at what we might send him.

2. For George, I have in mind the kinds of things we sent to the National Defense University.

3. For Herb, I have in mind the new booklet on the Intelligence Community, the Executive Order, etc.
