MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT: Meeting with Mr. Bill Moyers

1. Mr. Moyers told me today that the President had recently given him a mandate to see everything originating with the Agency which goes to the President. Mr. Moyers said that he would convey this new mandate to Mr. McGeorge Bundy when he returns from the Dominican Republic.

2. Would you please start immediately sending a separate copy of the President's Daily Brief and the Central Intelligence Bulletin to Mr. Moyers at the White House. Also, he should be put on the list of addressees for our SHIE's and other estimative papers.

3. Since I do not know what other publications and issues Mr. Bundy sends to the President, you will want to get in circuit with him in an effort to be sure that Mr. Moyers is getting what he needs.

4. We still have quite a problem at the White House getting material to the President. Mr. Bromley Smith spoke to me about it again today. Upon Mr. Bundy's return, we have all got to get together and see if we can solve this crucial problem.
