NOTE FOR: Assistant for Public Affairs

Herbert:

Attached for your information is a copy of my last letter to the Justice Department in the [redacted] matter. As you can see, the position stated is that the Agency is unwilling to make available all the witnesses or documents that Justice requested for use in connection with a possible prosecution. However, the fact that we have refused to accede to all the Justice Department requests does not in my opinion justify an allegation of non-cooperation in the case.
