Honorable Charles H. Percy
United States Senate
Washington, D. C. 20510

Dear Senator Percy:

STAT This responds to your note of August 15, 1977 forwarding a letter from [redacted] which requested information regarding certain tests he believes may have been performed on him.

STAT The recently discovered files of Project MKULTRA do contain evidence that research involving human testing was conducted in the fields of behavior control using techniques involving hypnosis, drugs, etc. Our records indicate such testing on unwitting subjects ceased in 1963. Unfortunately, neither Project MKULTRA files nor any other files thus far located contain the names of persons who may have been used as subjects. Therefore, in our search of relevant files [redacted] name was not found.

STAT Admiral Turner has assured the Congress that the CIA will attempt to identify those persons who were the subjects of unwitting testing conducted under Project MKULTRA. To this end, the institutions where Project MKULTRA testing took place have been notified of their involvement with the project. Admiral Turner has offered these institutions his full cooperation in helping them identify the persons who were test subjects. Please be assured I will inform you immediately if any institution notifies CIA that it has identified [redacted] as having been a Project MKULTRA test subject.

STAT Per your request, I am returning the letter from [redacted] to you.

Sincerely,

181
George L. Cary
Legislative Counsel
