Dear Mr. Knoche:

A new 3300-page economic and business directory is now available to help you make money and avoid losses marketing and investing in 112 developing countries around the world.

ECONOMY OF DEVELOPING COUNTRIES 1977/78 is today's only published source for the markets, products, companies, and buying and selling ministries in Afghanistan, Angola, Argentina...Liberia, Libya, Malawi...Yugoslavia, Zaire, Zambia. 112 countries -- in one desk-top directory in 2 volumes.

In 3300 carefully researched pages, it specifies who manufactures, imports and exports what. Covers some 7,000 products and activities. Lists 50,000 firms (with specific needs and capabilities of many). And gives you 300,000 current addresses to contact.

In addition, probing editorials on each country give you insight into economic and political factors molding the business environment -- factors you need to know to plan ahead, time new investments, judge local credit risks, and evaluate subsidiary or distributor performance.
