

9 August 1973

MEMORANDUM FOR : Mr. Colby  
SUBJECT : DCI Personnel Ceiling Problem

With the receipt of the DCI Area FY'1974 mark for personnel and funding a small flap surfaced. This was the result of our (AO) not having received notice of your authorization of an increase in the staffing in the immediate Office of the IG from [REDACTED] This STAT currently puts us over our FY'1974 ceiling. However, savings obtained through the dissolution of ONE should permit us to absorb the IG increase during this fiscal year.

In the future I will endeavor to insure that such requests come to you through the Administrative Office in order that proper staffing can be accomplished to assist you in making your decision.

[REDACTED]  
Administrative Officer, O/DCI
