NOTE:--As seats become available, seating charts, which are posted on Bulletin Boards and in the Root Hall lobbies, will reflect subsequent faculty seating assignments. However, due to limited seating facilities whereby the entire faculty cannot be accommodated, cooperation of faculty and students who are assigned seating (currently or subsequently) is requested in the early reporting, to the Office of the NSS Director (Phone 221), of anticipated absences from any specific session or sessions so that all seats thus vacated can be properly assigned.
