MORNING MEETING ACTION ITEMS

TO: Legislative Counsel

Maury advised that Senator Mundt has agreed to receive General Vang Pao next week. The Director asked that FE Division put together an appropriate briefing paper for Senator Mundt to serve as background on Vang Pao and Laos.

Maury noted that there is no sign of life in the Henderson Subcommittee concerning the Ervin bill and that it appears to be a dead matter for this session. Maury inquired whether there should be follow-through in any case with Senator Ervin. The Director demurred for the time being, asking Maury to remind him of the issue periodically between now and the elections.
