MEMORANDUM FOR:

SUBJECT : Request from Acting Assistant Secretary Godley

1. Attached is the text of a NODIS cable from Ambassador Swank to Acting Assistant Secretary Godley which got the latter somewhat stirred up. At Godley's behest, I was called by Evelyn Colbert of INR who asked if we could send State a consolidated compendium of any material we had on VC/NVA support of the Khmer Insurgents since 28 January. I told Mrs. Colbert that we would look at the actual text of Ambassador Swank's message (which I did not have when she called me) and see what we could do to help.

2. I would like to confer briefly at 1000 Tuesday morning (3 July) to discuss this and see how we wish to respond. Swank is whistling Dixie if he thinks Congress is likely to be influenced by evidence but I am intrigued by the allegations [redacted] allegedly indicating that the Vietnamese have been or are stepping up their support of the Khmer Insurgents. If there is indeed such evidence it ought to be appropriately flagged in much better form than it is in State's cable.
