

17 May 1974 NIO # 1039-74

TO: The Director

Attached is a 15 May letter to me from Admiral de Poix which may be of interest to you and General Walters. It is Vince's response to my long screed of 14 March laying out what I saw as the ground rules for preparing national intelligence under the new system. If Vince will adhere to the precepts endorsed in his letter, things will be fine though we will, of course, have a certain amount of pulling and hauling on specific issues, particularly ones on which military nerves are tender.
