Mr. Foster related certain incidents on his recent trip to the Far East and around the world, the other Board members participating in the discussion.

The following items were taken up:

Electromagnetic Warfare

It was agreed that this subject was very technical and belonged in the hands of other agencies of the Government rather than the PSB, and no further action by the PSB is currently contemplated.

10/5 Project

General Smith outlined the requirements of this project and the PSB agreed and approved the action contemplated. The Review Group report on this project was transmitted verbally to General Smith prior to the meeting and will be submitted in writing early next week.

It was agreed as undesirable that Admiral Kirk should appear before the President's Commission Immigration and Naturalization, and steps to that end have been taken.

Alan G. Kirk,  
Director.
