## MEMORANDUM FOR THE BIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: Career Service Progress Report

1. The above report seems to me to go further in scope them our immediate need and to embrace matters, such as the establishment of a distinguished service award program and of a hazardous pay policy (Tab E), which, however meritoricus, are not relevant to our finnediate problem.

2. I would not like to see you issue an ambitious statement such as that set forth in Tab 5 before a program has been initiated, tried out and the bugs worked out of it.

3. I would not aim a program initially at the entire Agency and would eliminate that part relating to all employees as set forth in Tab C, paragraph A. The program described thersunder,  $A_{\bullet}(1)$ , is normal procedure which, I assume, we are doing in any case.

4. I would certainly limit the program initially to what are referred to as "staff employees and staff agents," as outlined in  $A_*(2)$ , but I do not like the suggestion of sabbatical leave in (2)(d).

5. The mechanics of a CIA Career Service Board and of Office Career Service Boards (Tab G) frighten me as cumbersome, but I cannot suggest better mechanics.

6. I would eliminate the recommendation that the employee expr as written agreement of intent to make a career of his employment, and I would eliminate the necessity of security concurrences of Mai for eligibility.

7. Among the Comments concluding Tab C, I would eliminate  $h_i$ . A , codification of rights and benefits; and if this is not eliminated, I would certainly not set forth tenure as a right any time.

8. Tab D on Employee Evaluation seems to me to be the soundest part of the report, and I would accept Tab F on Rotation.
