2. Regarding the checklist of sensitive allegations, some discussion ensued regarding l.d. about the role of intelligence in a policy making process on exactly what is meant; did it mean possible misuse of intelligence, or failure of intelligence, or did it really mean consideration of the NIOs versus ONE. [REDACTED] 25X1A

Regarding the document on detailees, it was recommended that a statement be added which notes that all detailees were involved in intelligence or intelligence-related activities. Additionally, a note would be added pointing out the fact that the detailees program does not include those Agency personnel assigned to cover positions to perform authorized Agency functions.
