INTRODUCTORY NOTES

1. This is a compilation of foreign-language newspapers and periodicals received and screened by Foreign Documents Division during the period March 1951 to March 1952.

2. The listing is alphabetical by countries. Only those areas covered by FDD are included: USSR, Eastern Europe, Western Europe, Far East, Near East and Africa, and Northern Europe.

3. Titles received irregularly are noted by an asterisk (*). Titles so marked are those for which less than half of the annual series is received. Single-copy receipts are not listed.

4. A number of the items listed are loaned to FDD for temporary retention only.

5. Appendices to, or revision of, this listing may be anticipated as significant changes occur.

6. The term "closed" indicates that the newspaper or periodical is no longer published.

7. In cases where the foreign language does not lend itself to translation, the original title is repeated.
