

SEP 7 1951

MEMORANDUM FOR: DIRECTOR OF TRAINING, CIA

VIA: Security Officer, CIA  
Comptroller, CIA

SUBJECT: Amendment to Request for Authorization of Funds  
for Special Schooling in the United States for

*authorization of language less*

25X1A9a

REFERENCE: Request for Authorization of Funds for Special  
Schooling in the United States for  
(20 June 1951)  
CIA Regulation

25X1A9a

25X1A

25X1A9a

1. An allocation of \$90 has been authorized to enroll in the American University department of languages night school for German courses 9 hours per week for a period of 14 weeks.

25X1A9a

2. The first semester (7 weeks) of the American University course has been completed and \$45 of the original allotment expended.

3. It is requested that the student be allowed to transfer to the Borrass Language School, 1611 Connecticut Avenue, N.W., for an intensive 25 hour course in conversational. The cost of this instruction at \$3.50 per hour will be \$87.50. This will necessarily mean an additional allocation of \$42.50.

25X1A

4. It was originally believed that the student would have sufficient time to master the language using the conventional approach under standard university teaching methods. However, the imminence of overseas assignment has made it necessary to accomplish a mastery of conversational within a very short time.

25X1A

5. It is not contemplated that there should be any cover difficulties. The information requirements of such a language school are usually of such a general character that the candidate should have little difficulty in meeting them with his present cover.
