REPORT NO.

There is a Soviet ammunition depot in the neighborhood of Steffin, near Wismar, not far from the road to Schwerin, from which troops at Bad Kleinen and surrounding areas are supplied with ammunition. The depot gets its ammunition supply from Wismar. It most probably reaches Wismar by ship. It was observed in late October that airplane bombs were also being unloaded. The bombs weigh one or two centners (110 or 220 pounds).
