25X1

- Foundry production of crankshofts has been hampered by shortages of material. 1. Only 22 air-cooled engines were manufactured in February 1954.
- Twenty-six cars were built in February 1954 of which 18 were Granit 32 models which were turned ever to the military Volkspolisei, to be used as light towing cars and for assimilties transport. Three 3.5 ton tracks were delivered to the Polish Amy. A fire track was build for the Seviet Union and was taken away by Soviet forces. It probably went to an airfield in the Soviet Zone.
- Poland is shortly to build its own repair shops. Deliveries of spare parts 25X1 to the Polish Army have been going on for many months.

This report is for the use within the USA of the Intelligence components of the Departments of Agenties indicated above. It is not to be transmitted oversions without the concurrence of the priginating office through the Assistant Director of the Office of Collection and Dissemination, CIA.
