Dear George:

For some reason, now extraordinarily difficult to visualize, we neglected to forward to you the technical exhibits prepared at the time when authorization was requested for procurement of transmitter and receiver crystals for System 2. These exhibits were prepared on June 11, 1956 and have resided comfortably in our vault since that time.

The information contained in these exhibits will very probably be of interest to Harry and those of his associates who are concerned with the evaluation and later utilization of System 2, and we are forwarding them to you with the request that some or all of these be transferred to Harry at your convenience.

Sincerely,

Burt
