Gentlemen:

Reference is made to recent directives concerning overtime.

Overtime is hereby approved on Contract No. A-101 until further notice.

The Experimental Machine Shop approval for an extended work week of 45 hours includes all overtime up to five hours a week performed by Research Shop mechanics and Manufacturing Shop mechanics. If the Air Force reduces the work week in this area to 40 hours it will probably be necessary for us to conform. Should this occur, please advise.

Very truly yours,

25X1
