PART IV-PRICE REDETERMINATION:

a. Because of the nature of the services called for by this contract and the uncertainty as to the cost of performance hereunder, the parties to this contract agree that the total estimated contract prices set forth in **PART II-CONSIDERATION AND PAYMENT** hereto, may be increased or decreased, in accordance with the provisions of this clause.

b. Promptly after 31 October 1960, or such other date as may be mutually agreed upon by the parties hereto, the parties shall negotiate to determine whether the total estimated contract price for the required services shall be revised and a new total contract price established, such new total contract price to be fixed and to represent the total amount payable to the Contractor for satisfactory performance of the contract, including all services theretofore furnished or thereafter to be furnished.

c. As soon as practicable, and in no case later than sixty (60) days after 31 October 1960, the Contractor shall furnish to the Contracting Officer a statement, in such form and detail as the Contracting Officer may prescribe, of the cost (including estimates to completion) of furnishing the services called for under this contract, together with such information as may be pertinent in the negotiations for the revised total contract price pursuant to this clause. Such statement of cost shall fairly reflect the normal operations of the Contractor's cost system, taking into account any deviations for such normal cost system as is required by the security restrictions placed upon the Contractor by the Government in performance under this contract. The Contracting Officer shall have the right at all reasonable times to make, or cause to be made by Government employees, or other person or persons agreed upon by the parties, such examinations or audits of the Contractor's books, records and accounts, as he may request.

In determining the extent of any estimated allowances for profit to be taken into account in fixing such revised price, consideration will be given to the extent to which the Contractor has performed the contract with efficiency, economy and ingenuity. The revised price shall be evidenced by an amendment to this contract. However, in the event

that the negotiations for price revision, in accordance with this clause, indicate that the uncertainty as to the cost of complete performance is still for the over-all completion of this contract, provision may be made for such future negotiations as to revision as may be appropriate to the circumstances at the time.

e. If within thirty (30) days, or such other period as mutually agreed upon by the parties hereto, after the filing of the statement and other pertinent information required by Paragraph C of this clause the parties shall fail to agree upon the revised price, in accordance with the provisions of this clause, the failure to agree shall be deemed to be a disagreement as to a question of fact which shall be disposed of in accordance with the clause hereof entitled "DISPUTES."

f. For any of the purposes of the clause of this contract providing for termination at the option or convenience of the Government (including without limitation, computation of "the total contract price" and "the contract price of work not terminated"), the contract price shall be the revised contract price agreed upon under Paragraph D of this clause or determined under Paragraph E of this clause, as the case may be.
