19 November 1962

MEMORANDUM FOR: Deputy Assistant Director/OSA

SUBJECT : NRO
(Authority for Approving "Must-Know")

25X1A

1. Attention is invited to the attached memoranda dated 30 October 1962 from [redacted] Chief Security Officer, (S) NRO Staff.

25X1A

2. You will note that these memoranda request operational clearances for two individuals who are being assigned to the Operational Center of the (S) NRO. I ran these memoranda through Chief, Operational Division/OSA, and you will note comments of [redacted] on the routing slip attached.

3. As you know, in the past, OSA has been the final word on approving "need-to-know" for access to Projects I, C, A & O. I would appreciate guidance as to OSA policy in the future, i.e., can OSA nonconcur in the granting of operational clearances in the instant cases or must we defer to NRO judgment.
