14. [ ] LIAISON Called Dr. Henry Myers, staff of the House Interior and Insular Affairs Committee, and discussed further his call to [ ] of yesterday concerning [ ] The classified page that Dr. Myers mentioned to [ ] concerned part of Carl Duckett's, former DDS&T, testimony to the Nuclear Regulatory Commission (NRC) in February 1968. The page was inadvertently included in one of the 30 copies of a report which the NRC had provided to the Committee for public distribution. The one copy with this classified page was sent to the National Resources Defense Council, a private public interest group. The comments of Mr. Duckett were picked up by the press at the Committee hearings about a month ago. Dr. Myers doubted that there would be any further publicity. Dr. Myers requested that the review of Agency records to substantiate Duckett's testimony include all of the information that he provided and not only the comments in the released page. [ ] DDO, was advised and is following through with the request.

25X1 6. [ ] LIAISON Received a call from Kirk Willis, in the office of Representative Peter H. Kostmayer (D., Pa.), who requested a copy of an Agency publication entitled "Communist Aid to the Less Developed Countries of the Free World, 1976." I told him a copy would be forwarded to him.

25X1 7. [ ] LIAISON Received a call from Bill Hagen, Democratic Study Group staff, who wanted to check on some names and telephone numbers of the Agency's Congressional liaison people. I confirmed the numbers he had for the Office of Legislative Counsel and provided him with the names of the current Acting Legislative Counsel and Acting Deputy Legislative Counsel.

25X1 8. [ ] EMPLOYMENT Received a call from Louise, on the staff of the House Committee on Education and Labor. She asked for the telephone number and address of [ ] Deputy Director of Personnel. I told her that if she wanted to refer someone for employment with the Agency I would be glad to handle it. She said that her boss wanted to deal directly with [ ] since he was a personal friend. I provided the phone number and mailing address to her.

25X1 9. [ ] LIAISON Took a call from Duke Short, on the staff of the Senate Judiciary Committee, Subcommittee on Internal Security. Short said that Senator Strom Thurmond (R., S. C.) had information indicating that the Agency had been aware of Panamanian plans to destroy the Panama Canal if the Treaty had been defeated by the Senate. Senator Thurmond now wants to know whether it was true that the Agency had such information, whether the Administration was informed of such information and whether the Congress was briefed about it. I arranged for [ ] NFAC/CSS, to meet with Short on this subject at 11:30 a.m., on 21 April 1978.

25X1 10. [ ] THIRD AGENCY Called Dan Coulson, Office of Legislative Affairs, FBI, to reiterate the Agency's position that certain FBI documents containing CIA information should not be provided to the Subcommittee on International Organizations, House International Relations Committee, without first being sanitized. Coulson said that he understood and was in agreement with this position.
