MEMORANDUM FOR:

Relations Committee (HIRC)

REFERENCE:

STAT

1. Special Security Center research into the SCI clearance status of the members of the Fraser Subcommittee of HIRC reflects the following:

Michael Hirschman and Lawrence Sulc	-	Indoctrinated for SI and TK on 26 August 1977, but neither were asked to sign the SI or TK secrecy oaths.
Robert Boettcher, Fred Rayano and Beverley Lumpkin	-	Indoctrinated for SI and TK on 12 September 1977, but none were asked to sign the SI or TK secrecy oaths.
William Garvelink and Sue Slotnick	-	Despite entry in OLC Log, these two did <u>not</u> attend the SI and TK security indoctrinations given Sulc and Hirschman on 26 August.

2. The Special Security Center will not insist on having all these Staff Members sign (or resign) the required secrecy oaths. However, Mr. Garvelink and Miss Slotnick should be contacted to determine for certain what indoctrinations they attended, where they were conducted and who did the presentations. If they allow (and we assume they will) that no formal

security indoctrination was ever given to them, we strongly recommend that SI and TK (or just SI if you consider that one compartment sufficient) security indoctrinations be scheduled for them. We will ask them to sign secrecy oaths at that time.

3. Please pass to [redacted] the Special Security Center [redacted] the results of your inquiry. Arrangements for briefing Mr. Garvelink and Miss Slotnick, if required, should also be made [redacted]
