[REDACTED] LIAISON Commander Robert McGee, Navy Legislative Liaison, called to say that Russell Hale would be joining the House Armed Services Committee staff shortly and was interested in transferring his compartmented clearances from the Congressional Budget Office, where he is presently employed, to the Committee. I suggested to McGee that Hale discuss the matter with Bill Hogan, the Committee's General Counsel, who would know what steps to take.

14. [REDACTED] LIAISON Received a call from Debbie Steinmeyer, Senate Governmental Affairs Subcommittee on Energy, Nuclear Proliferation and Federal Services staff. She indicated that Maria Lopez-Otin would be joining the Subcommittee staff on 16 January 1979. Len Weiss, Subcommittee Staff Director, was interested in obtaining compartmented clearances for her. I suggested to Ms. Steinmeyer that she send a letter to the Legislative Counsel setting forth the reasons for the clearances and we would consider it.
