

50X1-HUM

JAPANESE INTELLIGENCE ON MICROBIOLOGICAL RESEARCH INSTITUTES
IN THE U.S.S.R.

This table is adapted from a Japanese Intelligence Report entitled Table of USSR Bacteriological Research Institutes as of 1 January 1936, giving locations and Table of Organization. This was originally obtained from the article Health Maintenance for USSR Labor State Plan (Gosplan), published in Russian in Moscow in 1937.
