CENTRAL INTELLIGENCE GROUP INTELLIGENCE REPORT

COUNTRY Poland

DATE: 25X1A

SUBJECT Cement and Quartz Factories

25X1A6a

This document is hereby regraded **INFO.**
in accordance with the
letter of 16 October 1973 from the
Director of Central Intelligence to the
Archivist of the United States. **PAGES**
26 December 1946
Next Review Date: 2008 **SUPPLEMENT**

ORIGIN

25X1X6

1. The Germans modernized the Szezakowa Cement Works, installing cranes for automatic unloading of coal, increasing the height of one of the furnaces and erecting a third packing plant. In June the works were running three shifts, and the output was far greater than in pre-war times. The entire output is loaded on broad-gauge cars and exported to the U.S.S.R.
2. The Krummendorf Quartz Plant at Kamienowice (Krummendorf), District of Strehlon (Strzelin), which supplied large quantities of quartz for the manufacture of high-grade steels, has now been put into commission again.
