The ministries of Marine and Economy were not specifically mentioned. Two more names were discovered as proposed ministers in the provisional government, but there was no indication that they were to have these posts. They were Brigadier Vasco de Carvalho and Colonel Bento Ferreira. There were two under secretaries mentioned in the list without exact designation and only described as Engineer Gales and Engineer Castilho.

- 3. General Carmona, the present president of the republic, out of respect for his advanced age and his general popularity, was to be put in a residence forcee compatible with his former position. All other members of the government, including Salazar, his ministers and sub-secretaries, were to be seized and incarcerated without exception, and all were to be tried.
- 4. At the meeting broken up by the police, the principals mentioned below were represented by the proxies indicated:
