- 1. [Redacted] instructions outlining the plan to be followed in the event of an insurrection were received from the Central Committee of the Party in Rome during the period May-July.
- 2. The province of Chieti has been subdivided into three zones, and in case of revolt Communist forces are to be massed in each zone with the immediate assignment of isolating Chieti by interrupting road, telephone, and telegraph communications. At the same time all public buildings are to be occupied and leaders of the right-wing parties killed.
- 3. When this first phase is completed the Communist forces are to converge on Chieti to occupy the Questura and the Carabinieri Headquarters in control of territory covering Chieti, Pescara, Teramo, Aquila, and Campobasso. Foreseeing the possibility that local forces may not be sufficient to overcome the police, armed Communists coming from the north, probably Ancona, will be landed at Ortona Mare.
