SUPPLEMENT TO REPORT NO.

1. On 27 August 1948 at a meeting of sectional heads of the GAI, President Kurt Fischer stated that the personnel of the GAI will be increased considerably in the near future.
2. Included among the new personnel will be several former German generals who will take over the command of the Kasernerte Polizei. The generals are, of course, Freies Deutschland generals, Fischer said. **Comment:** After the many conflicting reports on the proposed role of former Freies Deutschland personnel in the Soviet Zone, Fischer's statement is naturally viewed with suspicion. However, source says that it is his considered opinion that Fischer believes the above statements, and that unquestionably Fischer would not have made them unless he had been told by someone at the SMA. It is also possible that some Soviet officer was misinformed or told Fischer what was perhaps merely a personal opinion. Despite these reservations, it is believed that the information is basically correct.)
