1. An anti-United States book, which is being sent from Argentina to the Argentine Embassy in Santiago, is to be given restricted circulation by the Embassy, according to Nestor Lima Quintana, Argentine Cultural Attache.
2. The history of the Chilean Communist Party, previously reported as having been undertaken by Lima Quintana, has now been practically completed.* However, it now appears that this study is composed of biographical information concerning Party leaders rather than information concerning the actual Party policy.
3. The return of Miguel Angel Guezales to Chile is considered by Lima Quintana as very significant and as possibly presaging important changes in the Argentine Embassy in Santiago. Guezales had stated that he did not expect to return to Santiago.*
4. Embassy officials are worried by the disappearance of one of the Argentine diplomatic pouches as well as the official Embassy seals. An investigation is now being conducted in the Argentine Embassy to discover how this disappearance occurred.
