CONSTITUENT PROTOCOL

Because of the recent developments and for the purpose of safeguarding the purity of the Bulgarian National Agrarian Union, a group of refugee agrarians convened this day, April 30, 1950, and examined the question of establishing an agrarian organization in Greece. In consideration of the rules and articles of the by-laws and of the principles of the Bulgarian National Agrarian Union, all the right-thinking agrarians declared themselves in favor of the need of establishing the organization, which will look after the maintenance of the purity of the Bulgarian National Agrarian Union, giving aid to all the genuine Bulgarians who want to unite their efforts with the Bulgarian National Agrarian Union against Communism. Our organization will have the heavy task of facing the provocations of the pseudo-agrarians and the various leftist elements, uncovering their secret aims of leading our tormented people to new disasters. The newly-established organization will stand at the forefront of the liberation campaign from Greece in cooperation with all the democratic anti-Communist formations for the defeat of Communism, the all-time enemy of the Bulgarian National Agrarian Union and the disgraceful oppressor of the Bulgarian people.

The unanimous vote of the constituent members is to stigmatize the action of the pseudo-agrarians as anti-democratic and as being opposed to the by-laws of the Bulgarian National Agrarian Union.

In view of the great task the Bulgarian National Agrarian Union has before it for the preservation of democracy, the assembly:

- (1) Approves the establishment of the Bulgarian refugee agrarians in Greece under the leadership of Petko D. Petkov, the national hero of the peasants and combatant of the national right.
