4. At 7 a.m. on 30 April, a train of 18 cars loaded with material including 6 RD-45 engines arrived at the depot. On 4 May, a train loaded with 12 RD-45 engines left the depot toward the Strausberg suburb. Another train with material and two new tank trucks moved from the suburb to the town. The escort personnel wore red epaulets. It could not be determined whether the tank trucks were transported to the air force depot or the airfield. *

* Comment. This incomplete description of incoming and outgoing material shipments at Strausberg Air Force Depot indicates that, in addition to the regular supply of aircraft parts, engines and new tank trucks arrived for airfields. The motor vehicles _____ probably belong to the transport unit of the Strausberg Supply Depot.
