(2) The description of the epaulets possibly accounts for several who stated that soldiers were black-bordered green epaulets. The uniforms in question are probably summer uniforms.

25X1C

(4) The may be assigned to components of the Eighth Gds Army. A previous report stated that troops were unloaded from three trains in Eisfeld (N 51/J 20) on 8 July 1951 and subsequently departed northward. In view of the present report, it is possible that units which have been at Ohrdruf since April 1951 may have held road marches with occasional field exercises in the neighborhood of the troop training grounds.
