25X1B [redacted] The information confirms the Soviet ammunition depot, at Wilmersdorf, also referred to as depot at Lamitsch or Pfaffendorf, until mid-October 1951. The depot is one of those installations in the Soviet Zone of Germany which have been increasingly supplied with ammunition since early September 1951. Some of the shipments were listed in reports on rail movements. 25X1A

25X1A [redacted] Comment. [redacted] belongs to the administration or the ammunition depot at Toepchin. 25X1B [redacted] belongs to the ammunition depot at Altenhain. 25X1B [redacted] belongs to an ammunition depot which, according to reports obtained between late August and September 1951, has moved from Jueterbog to Kapen in early September 1951. 25X1A [redacted] belongs to the ammunition depot at Wulkow.

25X1A [redacted] Comment. The inter-supply traffic with other ammunition depots in the Soviet Zone of Germany and Wilmersdorf was still observed. See
