* [redacted] Comment. A large fuel depot of the GDRG [redacted] is located in Veltten.

50X1-HUM

** [redacted] Comment. Most of the shipments passing through Frankfurt/Oder were deliveries by East German hydrogenation plants to the U.S.S.R. or returning empty railroad tank cars.

50X1-HUM

The Forst railroad station exclusively handles traffic between Poland and Eastern Germany. The shipments bound to Stettin via Scheune will be transloaded to ship. Topped crude oil imported [redacted] is directed via Bad Schandau and Bad Brambach.
