MEMORANDUM FOR: Acting Director, FBIS

SUBJECT :  Cost Estimates

STAT

Attached are cost estimates, less salary, for assigning a GS-13 with two children to either Bonn or Cologne. These estimates include purchase and shipment of an official vehicle. Purchase cost of the vehicle is included in the first year only. Vehicle operating costs are included in both years. It should be noted that it would be slightly ^{less} expensive to assign the employee to Bonn. This savings results in a difference of quarters and educational allowance costs.

STAT

Chief, Administrative Staff, FBIS
