MEMORANDUM FOR

The Secretary of State
The Secretary of Defense
✓The Director of Central Intelligence
The Chairman, President's Foreign
Intelligence Advisory Board

SUBJECT: Foreign Intelligence Activities of the
United States

The interests of national defense and security require sustained effort on the part of the intelligence community to support me and other officials having policy and command responsibilities. It is therefore my desire that priority attention be given to ways and means of strengthening the Government's capabilities in the foreign intelligence and related fields through concerted action to improve the organization, conduct and effectiveness of the major intelligence-related programs in which U.S. departments and agencies are engaged. Efficient management and direction of the complex activities which make up the total foreign intelligence effort are essential to meet day-to-day national intelligence requirements, and to ensure the development and application of advanced means for the collection, processing, analysis, estimating and reporting of intelligence information. In this connection, you have already seen my letter of instruction to the Director of Central Intelligence dated September 24, 1965.

In keeping with Executive Order No. 10938, I will continue to look to the President's Foreign Intelligence Advisory Board for advice and recommendations concerning the objectives and conduct of the foreign intelligence and related activities of the United States. I shall expect representatives of the Board to continue the practice of making on-the-scene reviews of significant intelligence activities carried out in the United States and at appropriate locations abroad.

To facilitate the work of the Board I shall expect the heads of all departments and agencies concerned to make available to the Board any information which the Board may require for the purpose of carrying out its responsibilities to me.
