13. (Unclassified - MG) CONSTITUENT Received a call from Melissa Barrett, in the office of Senator Daniel P. Moynihan (D., N. Y.), who requested, on behalf of a constituent, any unclassified information we might have on Soviet gold production and sales and on UFO's. After checking with NFAC/CSS, I called Ms. Barrett back and told her we had no information on these subjects which could be given to the constituent.
