General Graham
for your approval

MEMORANDUM FOR: Mr. John F. Blake
Director of Personnel

SUBJECT: Proposed Method for Handling the T/O
Assignment and Pay for Employees on
Extended Sick Leave pending Disability
Retirement

In response to memorandum dated 26 September 1973, subject
same as above, I concur with your opinion that it should be the
Agency ^{*practice*} posture that employees who enter into extended sick leave
status pending disability retirement should be carried on the T/O
of their parent career service.

Since such employees are not charged against Agency
ceilings or the career service grade authorization, it seems more
appropriate that salary costs for these individuals should come
out of the appropriation of their parent career service.

Daniel O. Graham
