

Attached are the transcripts of Teller's testimony yesterday and the Director's transcript of 16 August. I checked carefully the questioning by Kuchel and Bennett of Teller and find nothing in the exchanges which bears directly on intelligence responsibilities. Consequently, there would seem to be little basis for discussions with them in strictly intelligence fields.

Bennett's questioning begins on page 761 and Kuchel on page 763. Paper clipped pages are references to intelligence by Teller and others which may be of interest to the Director. Included are references to who knows more in the anti-ballistic missile field.

The Director's references to the anti-ballistic missile field in the 16 August transcript are found on pages 46, 47 and 48. Details of the Soviet tests associated with anti-ballistic missiles begin at page 26.

A handwritten signature in black ink, appearing to be the initials 'JW' or similar, with a long, sweeping flourish extending upwards and to the right.
