1. Attached is a copy of the status report covering the first three months of activity of the CS Historical Board and the CS research group in the Historical Staff. I have passed the report to Mr. Karamessines; he and Mr. Helms had asked to be kept abreast of the CS historical program. As we discussed, Mr. Kirkpatrick may be interested in the internal working relationships of the CS program within the Historical Staff. The Handbook will be back sometime next week and we could send Mr. Kirkpatrick a copy at that time.
