

OPERATIONS ATTACHMENT FOR PARAGUAY
MONTHLY REPORT, JULY 1981

1. Moscow radio's program "Escucha Chile" changed broadcast times from 2230-2300 gmt and 2330-2400 gmt to 2000-2030 and 2030-2100 for "technical reasons" and "to satisfy insistent requests." The change was to take place on 1 July but occurred the day before. The new frequencies have been checked.
2. To be further prepared in case an emergency should develop out of Argentina's economic and political problems a search for Argentine medium wave frequencies audible at the bureau was carried out. This produced nine monitorable medium wave commercial stations.
3. Chronic problems with reception of Peruvian radio stations necessitated further cruising for alternatives. Search proved fruitful on occasion of Belaunde Terry independence day speech when Lima Radio Cronica on 9520 khz and Lima Radio Sol on 5970 khz were observed carrying the speech with fair-good reception. Tacna Radio Tacna also heard at bureau with fair-good reception on 9485 khz providing a backstop for Lima Domestic Service in its hour-long newscast.
4. Reception for Santiago Domestic Service deteriorated during the month, making it necessary to search for alternative frequencies. A new frequency, 15140 khz, was discovered with good reception.
5. Beijing International Service reception also deteriorated during the month. A new frequency, 11445 khz, was found. Cruising continues for more alternatives.
6. Work was begun on providing a program schedule for Sao Paulo Radio Bandeirantes. At present program schedule has not been completed.
