SUPPLEMENT TO
REPORT NO.

25X1X

1. Location

south of the railroad line to Gorki, some hundred meters east of the power plant of Dzerzhinsk-Igumnovo (43° 38' E/56° 14' N), Gorki oblast, and some hundred meters southeast of the Pulon chemical plant.

2. Plant installations

The plant is an old installation with some new constructions in the east and southeast sections. A road and a single-track railroad line run the length of the plant area. Boxes with machinery from chemical plants in Germany and Japan are stored along the railroad line and in the northeast plant section. For plant layout see annex.

3. Work force

No details available.

4. Production

Lead gasoline, output unknown.
cautions against gas.
